## ABOUT US

GEO's Bridge Centre is a Community Reintegration Centre that supports clients with transitioning back into the community by utilising the GEO Continuum of Care Model. All support provided is tailored to the client's specific needs.

We have a highly skilled team of Post-Release Case Workers who are based at The Bridge Centre full-time. Clients who were engaging with a Clinician and/or community agency whilst at Ravenhall Correctional Centre ("Ravenhall") can continue to receive support at The Bridge Centre post-release.

Our Centre is safe, inclusive, welcoming and culturally sensitive. The Bridge Centre can support not only the clients released from Ravenhall, but the people that are important in their life, such as children, family members and partners.

## SUPPORT OFFERED

- Case management and advocacy support
- Information on obtaining basic care needs, e.g. food, clothing, etc.
- Referrals to services including counselling, family agencies, drug and alcohol support, education providers and area mental health
